¹ Reindeer CCS Phase 1 approximately 1 Mtpa

² All injection rates are gross

Moomba CCS Phase 1 – Operational

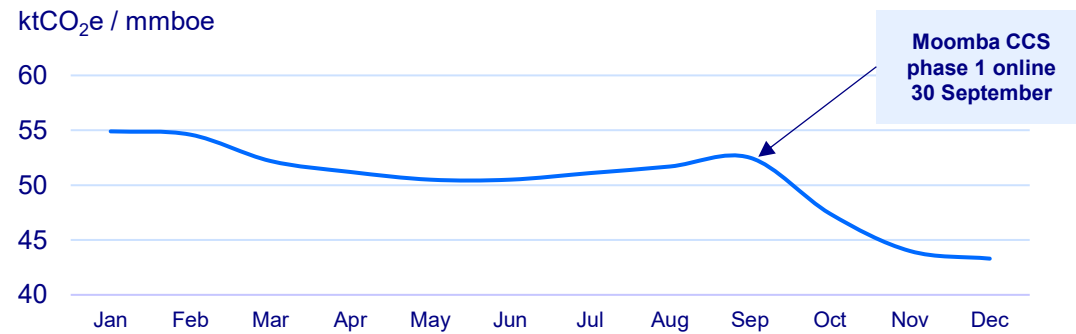

One of the largest, lowest cost CCS projects in the world. Project has already storage over 1.5 million tonnes of CO₂ and received ACCUs from the CER.

Moomba CCS Facility

2024 Scope 1 and 2 net equity emissions intensity

Depleted Storage Reservoirs: Marabooka and Strzelecki
